MEMORANDUM

TO: Administrator Schiffman
Division of Water Resources

FROM: Assistant Director Edward J. Londres
Engineering

SUBJ: Bayonne City Sanitary Landfill, Hudson County,
DWM ID# 0901A, Draft NJPDES Permit #NJ0050784

We have received the draft N.J.P.D.E.S. Permit, prepared by your staff, regarding the subject landfill. We agree with and recommend issuance of same.

We do note a minor discrepancy in that the Lot number should be listed as Parcel 3 Q, Block 231½ as opposed to Lot 30, Block 231½. We would also like to mention that recent monitoring results showed the presence of low level cyanide. This has not been included in the proposed list of sampling parameters. I am enclosing a copy of the monitoring results for your consideration and defer to your expertise for the decision as to the inclusive of cyanide in the monitoring program.

Since our comments are minor and do not warrant significant changes in the draft permit, I have signed the transmittal letter to Mayor Collins in accordance with our procedural agreement.

If you have any questions regarding this matter, please contact John Castner of my staff at 2-7744.
